House Approves Heavily Slashed \$3.8 Billion Foreign Aid Measure, 273-122

Administration To Seek More Funds in Senate

WASHINGTON (AP)—The House today approved a heavily slashed \$3,800,000,000 foreign aid bill to bolster 54 U. S. Allies in the world struggle against communism.

The roll call vote was 273-122.

The measure now goes to the Senate, where the administration will try to get more money.

The bill was \$600,000,000 less

than President Eisenhower told congressional leaders was absolutely necessary for the safety of the free world. In all, the House slashed \$1,100,000,000 from the \$4,900,000,000 program Mr. Eisenhower originally requested.

The bill approved merely authorizes the program. Appropriations must still be approved to carry out the program — and these faced still further cuts in the House.

The House denied Mr. Eisenhower a special request he made for authority to make long-term economic commitments to friendly nations at the rate of \$100,000,000 a year for 10 years. Instead, it voted to give the President authority to reallocate the money in the program wherever he believes it is most needed.

The House also adopted a historic declaration, as part of the bill, that the Congress would continue to provide economic and military help to free nations so long as Russia threatened their safety and independence.

The bill as approved carries \$2,000,000,000 in military aid and \$1,800,000,000 in economic aid. Mr. Eisenhower asked for \$3,000,000,000 in military aid and \$1,900,000,000 in economic aid.

The administration now looks to the Senate to restore at least some of the \$1,100,000,000 cut from President Eisenhower's \$4,900,000,000 program in the House. The Senate Foreign Relations Committee tentatively planned to begin work on the bill Wednesday.

The President before his operation scheduled a meeting today with Senate Democratic and Republican leaders to discuss the foreign aid program.

The meeting was postponed because of the President's illness. However, White House Press Secretary James C. Hagerty said it will be held later this week. He said he did not know who would sit in for the President.

House GOP Leader Joseph W. Martin Jr. declined to forecast what the Senate will do with the bill.

A reporter asked if the suspension applied to 12 vouchers for which he had requested Friday. Hodge's aide replied, "I assume so." The aide said he assumed the suspension would apply to all records, not only those of the auditor's office.

Hodge's office said Hodge was not present at the news conference where the announcement was made because he is speaking today at Galesburg and Galva.

DECATUR, Ill. (AP)—State Auditor Orville E. Hodge's foe in the November election demanded today that the Illinois Legislature investigate the operation of Hodge's office.

Pro-Peron Coup In Argentina Fails; 41 Killed

Firing Squads for 38 Rebels; Three Dead in Fighting

BUENOS AIRES, Argentina (AP)—A government spokesman said today that summary court martials—and firing squads—were taking care of the Argentine rebels who staged an abortive "Communist-Peronist" counter-revolution this week end.

The government said at least 41 persons had been killed by early this morning. Thirty-eight were executed and three other rebels were killed in fighting at La Plata. Scores of pro-Peron rebels were arrested and awaited trial.

President Pedro E. Aramburu's revolutionary government had advanced warning of the revolt by the followers of ousted dictator Juan D. Peron and were ready for it. The revolt, which began at 11 p. m. Saturday, lasted only 12 hours.

La Plata Bombed

The heaviest fighting was at La Plata, the provincial capital 35 miles southeast of here, where Vice President Rear Adm. Isaac F. Rojas sent planes to bomb and strafe rebel strongpoints. It was there three rebels were killed.

The other scene of heavy fighting was at La Rosa, 375 miles southwest of here, the capital of La Pampa (formerly Eva Peron) province. Buenos Aires saw brief but bitter fighting. The entire countryside was reported quiet today.

Cmdr. Eugenio Fuentes, of the presidential press secretariat, indicated that the executions are not yet ended. He announced 14 more executions shortly after midnight and announced the "summary trials are continuing."

The executions were being carried out under martial law imposed throughout Argentina. Decrees dictated by Aramburu empowered any loyal officer to try any persons carrying unauthorized weapons, disobeying police orders or "demonstrating suspicious behavior."

Four Arrested on Driving Charges

Chief of Police Ross Lane reported the city police department made four arrests on charges of driving while intoxicated over the week-end.

Robert Baxter of St. Louis, arrested Saturday morning, posted bond for appearance Thursday.

Saturday night two were arrested in the city. Earnest Stillwell of Harrisburg pleaded guilty to the charge and was fined \$150 and costs. Unable to pay, he was transferred to the county jail.

Also, T. J. Davis was picked up and he pleaded guilty to the charge when arraigned before Police Magistrate Vern Joyner Jr., being fined \$150 and costs.

Early today W. R. Brasher was arrested and was to appear before Joyner.

Robert H. Martin of Carrier Mills will be among 21 Air Force ROTC cadets to receive commissions at commencement exercises at Southern Illinois University Sunday, June 17. The group will be sworn in as second lieutenants at the 7 p. m. ceremonies in McAndrew stadium. All cadets have been accepted for flying training.

President Eisenhower Resumes Light Schedule

Edw. L. Heister

Edw. L. Heister Dies; Well Known Business Man

Edw. L. Heister, 75-year-old Harrisburg business man, died at 6:45 last night at Baptist Memorial hospital in Evansville, where he was taken Wednesday evening after suffering heart attacks here.

His body was returned to Harrisburg by the Gibbons funeral home.

Mr. Heister, who operated the Heister plumbing business on East Locust street, suffered his first attack a week ago Saturday and was moved to Lightner hospital the following day. Three days later he was moved to Evansville.

Mrs. Heister was with him in Evansville when he died.

Mr. Heister, long active in Masonic circles, was a resident of Chicago when he and Mrs. Heister came here in September of 1918. He came here to do 12 days of work and remained here and later they decided to make their home in Harrisburg.

He came to Harrisburg to put in a new water heater for the boiler at the Muddy power plant.

He was told the job would take him 12 days, but materials were not available and he did other plumbing work until he could do what he came to do.

Leaves Wife, Son

In September of 1919 he went into business in Harrisburg, contacting his brother, Henry, at Bloomington. The two set up a plumbing shop in the basement of the First National bank building, later moving to South Jackson street and then to South Vine. Henry Heister died in 1932 and Ed Heister carried on the business, which moved to North Vine, then to its present large quarters on East Locust.

Mr. Heister was a past master of the Harrisburg Masonic lodge, a past high priest of the Chapter R. A. M., a past T. I. M. of the Council, past commander of the Commandery, and past Eminent Prior of the Knights of York Cross of Honor which means that he had served as an officer of all Masonic bodies. He was also past worthy patron of the O. E. S., and at the time of his death was a member of the Temple Board association of Harrisburg.

He leaves his wife, Florence, and one son, Edward H. Heister of Port Orchard, Wash.

Funeral Wednesday

Funeral services will be held Wednesday at 1 p. m. at the First Presbyterian church with the Rev. William Burroughs conducting the service. Burial will be in Sunset Hill cemetery.

Pallbearers will be Wendell Oglesby, James Hay, Wiley Burnam, Bernard Herglein, Jim Sullivan, and Ray Reinhardt. Past matrons and patrons and members of the O. E. S. are asked to sit in one group during the service. Members of the Commandery will serve as escorts.

The family requests no flowers. The body will lie in state at the Gibbons funeral home until one hour prior to the funeral at which time it will be taken to the church.

Eisenhower Remains GOP Choice After Operation; Harriman in Demo Contest

By LYLE C. WILSON

WASHINGTON (AP)—President Eisenhower's hurry-up dash to Walter Reed Hospital and the emergency surgery he suffered in the small hours haven't changed things much, after all. The political situation is about the same, Republican-wise. Not so among the Democrats.

Mr. Eisenhower remains the Republican choice for President in 1956. Barring complications, an off chance, his attending physicians and surgeons report that he will be back on the job in a fortnight or so, fit to campaign and to continue in office.

Vice President Richard M. Nixon is the party organization's choice for No. 2 place and he's ready to run, too. But, for a time there, before returns were in on the President's operation, Republicans could have spoken truly the immortal words of Long John Silver—"We was shook." They were shaken badly when the prospect of a love-feast convention and the renomination of a popular president were clouded by what the President called a bellyache.

Future Bright Again

The Republicans are whistling again now, despite certainty that the Democratic campaign will hit all the harder the argument that Mr. Eisenhower's health does not warrant a second term. They will hit hard, too, at the position in which Nixon would find himself in a second term—just a heart beat from the White House.

When the political events of the first full week of June fit into their proper perspective, however, it seems quite likely that the sensational news of Mr. Eisenhower's

Stonefort Voters Approve Municipal Water System

Stonefort voters decided upon a municipal water system Saturday by a margin of more than three to one.

Voters balloting on a proposition to issue \$28,000 in general obligation bonds to finance part of the operation favored the proposition by a count of 179 to 55.

The village board plans to issue \$100,000 in water revenue bonds now that the general obligation bonds have been approved. Plans are to lay lines throughout the village and to get water from existing wells on the Stonefort re-union grounds.

First steps to be made are to make tests of the wells to see if they will be sufficient and to sign up water customers. If it is determined the two wells are not sufficient, they either will be enlarged or more will be drilled.

It is hoped that 145 or 150 customers can be signed up for water.

The work will be done by contract and bids will be asked at a later date.

Major John Eisenhower, Barbara Visit President on Their Wedding Anniversary

WASHINGTON (AP)—Sentimental Mamie Eisenhower arranged a special meeting for her recuperating husband Sunday—a visit from their daughter-in-law, Barbara, who joined the Eisenhower family exactly nine years ago.

The President wished his son, Maj. John Eisenhower, and his pretty, brown-haired wife, Barbara, a happy wedding anniversary during a brief bedside visit which ended about 5:30 p. m. EDT.

Maj. Eisenhower had been almost steadily with his mother at the hospital since Friday afternoon. It was with Mrs. Eisenhower's approval that Barbara was brought up from Ft. Belvoir, Va., to visit "Dad" on the young couple's ninth anniversary.

Ike's Anniversary Soon

President and Mrs. Eisenhower will observe their own 40th wedding anniversary 19 days from today, on July 1.

Because of optimistic medical reports on the President, Maj. Eisenhower left the hospital with his wife to return to his post at Ft.

close brush with death will take second place to events among the Democrats.

Adlai E. Stevenson clouted Sen. Estes Kefauver a stunning blow in last Tuesday's California presidential primary. A great many sound political observers definitely count Kefauver out now. Their question is: What will Estes do? A likely answer would be that the senator would gang up with Gov. Averell Harriman of New York to stop Stevenson in next August's Democratic National Convention. That could be a tough combination.

Harriman evidently believes the contest between Kefauver and Stevenson is over, with the man from Illinois winner by a mile. He told cheering union hat and cap makers over the week end his hat was in the ring as an active candidate. President David Dubinsky of the 440,000-member International Ladies Garment Workers Union previously addressed the same group with an endorsement of Stevenson and a recommendation that Harriman not oppose his nomination.

The governor brushed Dubinsky aside and pledged himself to the principles of a liberal Democratic Party and to the ideals of FDR and Harry S. Truman. He will be the only 100 per cent Roosevelt-Truman man in the Democratic convention contest.

Nation Bakes In Heat Wave

By United Press

The first big heat wave of the season baked the nation from the Rocky Mountains to the Atlantic Seaboard today.

No immediate relief was in sight. Weathermen said the blanket of hot, dry air was so deep that cold air from the north and west had trouble penetrating it.

Instead of giving ground, the heat was expected to spread into New England today, routing one of the East's last pockets of cool weather.

Temperatures Sunday got to 100 degrees almost to the Canadian border. It was 101 at Bismarck, N. D., Huron, S. D., and Pierre, S. D.—all noted more for frosty temperatures than heat waves. In the heart of Minnesota's resort belt, it was a toasty 99 degrees at Redwood Falls.

The drowning rate soared. There were at least 22 weekend drownings in an eight-state Midwest area—6 of them in Wisconsin alone.

At Cedar Rapids, Iowa, two little children suffocated or died of heat prostration in a stifling attic bedroom where the temperatures reached 108 degrees.

Walks 40 Feet In Hospital, Hagerty Says

President Confers With Adams, Makes Several Decisions

WASHINGTON (AP)—President Eisenhower walked 40 feet in his hospital room today "and has resumed a light schedule of duties," Press Secretary James C. Hagerty announced.

Hagerty said Mr. Eisenhower conferred this morning with Presidential Assistant Sherman Adams for about 10 minutes and decided several matters.

He said Mr. Eisenhower, who walked 30 feet Sunday with two attendants supporting his elbows, walked 40 feet today. Dr. Isidor Ravdin, a member of the operating team who performed the operation Saturday morning, supported "just slightly."

He said the President experienced some pain during his walk but less than on his first attempt Sunday.

Doctors Discuss Program

After the walk, Hagerty said, Adams arrived with other White House staff members. They conferred in the lounge of the presidential suite with Ravdin, Maj. Gen. Leonard D. Heaton, who performed the actual surgery and Maj. Gen. Howard McC. Snyder, the President's personal physician.

Adams, the staff and the doctors discussed what sort of program the President should follow. Then Adams entered the bedroom and was alone with Mr. Eisenhower for about 10 minutes.

Hagerty said the following decisions were reached as a result of Adams' discussion with the President:

1. To hold the regular weekly National Security Council meeting at the White House Thursday with Vice President Richard M. Nixon presiding. Nixon has presided on several occasions in the past.

2. To hold the conference on fitness of American youth at Annapolis, Md., as scheduled June 18-19, but to cancel Mr. Eisenhower's address to the meeting. Nixon will preside, as he had been scheduled to do, Hagerty said the decision

Illinois Lists 12 Fatalities; 3 By Motorcycles

By United Press

Three motorcycle deaths today topped the list of Illinois highway fatalities during the weekend.

A United Press survey showed there were at least 12 deaths on Illinois highways from 6 p. m. Friday to midnight Sunday.

Two of the victims were teenagers, killed when their motorcycle collided with a car on a gravel road near Manville, in Livingston county. They were Roger Cashmer, 14, and Donald Cashmer, 13.

Henry Rau, 29, Oak Park, died when an auto hit his motorcycle in Oak Park Sunday.

Vasana Minchar, 20, Bangkok, Thailand, a student at Bradley University, was killed in a two-car collision near Pontiac Sunday. Two other students, both from Korea, were injured.

A two-car collision near Effingham Sunday took the life of Ester Moore, 18, Gary, Ind.

One-year-old Roger Hogan of Waukegan was killed when his father's car went out of control and hit a culvert 10 miles south of Yorkville. The parents and three other children were hurt.

Sgt. Aubrey Fox, 33, Scott Air Force Base, Belleville, was injured fatally when his auto went out of control and struck a tree south of Bloomington.

A two-car collision in the same area claimed the life of 3-month-old Janette Jeffrey, McLean, near McLean.

Victims of fatal accidents in Chicago included Catherine Palmer, 3, Chicago; Walter Achtach, 6, and his son, Leslie, Chicago; and Robert Jarbo, 20, Bloomington.

THREE UNIVERSITY OF ILLINOIS OFFICIALS will be in Harrisburg Wednesday, June 13, for the meeting sponsored by the University Dads Association for next fall's University freshmen and their parents. Cooperating in the meeting is the University of Illinois Mothers Association. Coming to Harrisburg are (left to right) Mrs. Alice W. Cotter, head resident in one of the women's residence halls on the campus; Gerald W. Peck, assistant dean of students; and Mrs. Beverly J. Grulke, housing visitor of the University Housing Division. They will speak briefly and answer questions at the meeting to be at 7 p. m. in the Elks Club in Harrisburg. A get-acquainted coffee hour will follow. Students and parents from throughout Southeastern Illinois are invited. Dr. B. G. Funkhouser, Saline county chairman of the association, will be in charge.

Gen. Twining

Goes Visiting

Editorial — BY BRUCE BLOSSAT
If we handle the affair wisely from our own viewpoint, we need not fear that the Russians will gain a great propaganda triumph from the visit of Gen. Nathan Twining, Air Force chief of staff, to the Moscow air show.

There is no question that the Soviet Union extended the invitation as part of its continuing plan to impress the world that its "new look" is genuine.

What the Russians undoubtedly wish is that they could arrange a "hands of state" exchange of visits between President Eisenhower and the Soviet leaders Bulganin and Khrushchev. Since this is clearly impossible at this time because of the President's resistance, they are trying for the next best thing.

Factions within our government, and certain vocal members of Congress, opposed even high level military visits.

But the administration has concluded in the end that we cannot afford to be placed in the position before the world of refusing such an offer.

We have said again and again that we are always willing to entertain any reasonable proposals for resolving differences between East and West.

At this moment we have no proof we can show others that Russia may not be making an earnest bid for better relations. Therefore we are almost compelled to accept.

That does not mean, however, that we must let Russia take the play all the way. The United States Information Agency will have a solemn duty to transmit to the world all details of this visit in full accuracy, and to place it in the context of Russia's general behavior both at home and abroad.

We can point out, for instance, that while the Kremlin is making this grand gesture, it still is resisting all sincere attempts to achieve settlement of the German unification problem—the greatest single barrier to broader peace in Europe.

We can note, also, that while Russia is ready to have General Twining watch its air show under obviously controlled observation conditions it is not willing to endorse any effective, continuing system of inspection such as is needed for real world disarmament.

If we keep our balance, tell our story as it can be told, the Reds will not reap a propaganda harvest from Twining's visit.

And when as is likely, we invite Red commanders to this country in return, we shall have still another opportunity to gain the advantage.

887,091 Pounds Surplus Foods Distributed in May

SPRINGFIELD, Ill. — A total of 887,091 pounds of federal surplus foods with a value of \$256,099 was distributed in 22 counties during May, the Illinois Public Aid Commission said today.

IPAC Executive Secretary Garrett W. Keaster said the foods went to about 68,000 persons.

The counties and number of recipients who received the foods were:

Alexander, 2,036; Bond, 442; Christian, 2,283; Franklin, 12,070; Gallatin, 1,308; Hardin, 831; Jackson, 2,750; Jefferson, 3,916; Johnson, 614; Macoupin, 3,997; Marion, 1,830; Massac, 1,441; Monroe, 211; Montgomery, 1,740; Perry, 2,637; Pope, 576; Pulaski, 2,042; Randolph, 1,643; St. Clair, 10,815; Saline, 5,981; Union, 703; Williamson, 1,882.

The DAILY WASHINGTON MERRY-GO-ROUND by BREW PEARSON

DREW PEARSON Says:
Kremlin Told Tito In Advance That Molotov Was Being Fired; FDR Jr. Dropped From ADA Because Of Trujillo; Ike Says U. S. Will Keep Out Of Cyprus Row.

WASHINGTON. — Not only did the Kremlin fire Vyacheslav Molotov as foreign minister of Russia one day before Marshal Tito arrived, but, I believe it or not, the Kremlin sent word to Tito in advance that Molotov was being fired.

Reliable advices received in the diplomatic corps state categorically that Tito received a special message from Moscow, shortly before he left Belgrade, subversively notifying him that Molotov would be kicked out because of his part in conspiring against Tito in 1948.

Meanwhile, the American embassy in Moscow has warned President Eisenhower to beware of new Russian moves in the Near East now that Dimitri Shepilov has replaced Molotov as prime minister.

The President had received this warning from Moscow prior to his recent press conference in which he stated publicly that Russia's new rulers continue to follow dictatorial methods.

New Foreign Minister Shepilov is the man who negotiated the Communist arms deal with Egypt when he visited Cairo last year. As a result, the American embassy reports Shepilov will probably not be satisfied until the last westerner has been kicked out of the Near East and all its oil is in Russian hands.

FDR JR.

It was missed by the press, but the Americans for Democratic Action quietly dropped Franklin D. Roosevelt Jr., as a vice president at their recent convention. Young FDR's name was scratched while his mother, an honorary ADA leader, sat on the stand.

The nominating committee notified Roosevelt in advance that ADA could no longer keep him as an officer as long as he acted as attorney and registered agent for the Caribbean strong man, Dictator Trujillo of the Dominican Republic. Trujillo is under a barrage of criticism because hired killers allegedly murdered anti-Trujillo Dominican refugees on American soil. New York authorities are now probing reports that Columbia Professor Jesus De Galindez was thrown into the boiler of a Dominican steamship.

Roosevelt accepted the ADA decision gracefully and stayed away from the convention. However, his mother was on the platform when his name was omitted from the list of nominees.

IKE ON CYPRUS

The United States is following the British-Greek dispute over Cyprus with a great deal of interest, but with no urge to get into it, President Eisenhower recently informed National Commander Timothy Murphy of the Veterans of Foreign Wars.

Murphy called at the White House to report on his recent trip to the red-hot Near East area.

"I came away much wiser, but by no means convinced as to who is to blame for the crisis or the best way to settle it," the VFW chief advised Eisenhower. "The Greeks want self-determination for Cyprus through NATO machinery, but there is no assurance that it can be accomplished with stability."

"I seriously doubt," agreed Eisenhower, "that it would help mat-

Revenue Department to Hold Four Meetings On Tax Assessments

SPRINGFIELD, Ill. — A series of four district meetings this month has been planned by the Illinois Department of Revenue to discuss with local assessing officials the problems of tax assessment, review and equalization as they specifically affect boards of review.

Richard J. Lyons, director of the department, said members and clerks boards of review, state's attorneys, county judges and assessing officials have been invited to attend one of the meetings which will be most convenient to their county.

The schedule of meetings follows:

June 13, Princeton, Court House, 10 a. m. (DST).
June 20, Jacksonville, Dunlap hotel, 10 a. m. (DST).
June 21, Mt. Vernon, Court House, 10 a. m. (CST).
June 22, Monticello, Allerton House, 10 a. m. (DST).

Lyons said the meetings will be in the form of open discussions, with an interchange of ideas of problems confronting boards of review.

ters for the United States to intervene at this stage. It would be like walking into a house and trying to stop a quarrel between a husband and wife. The chances are we would only succeed in making enemies of both without bringing peace to the family.

The President also indicated that he was going to be very selective about his speeches this campaign year when Murphy invited him to attend the VFW convention August 12 in Dallas. "Give it to the boys (White House advisers), and we'll see if it can be worked out," the President said, referring to the VFW invitation. "I would very much like to go to Dallas, but I have to be careful this year about people reading politics into my appearances before non-political organizations like your own."

"I can't take five steps without some people charging me with political implications," he added.

DIPLOMATIC POUCH

The State Department is desperately trying to keep 1,500 Americans stationed on riot-torn Cyprus out of the headlines. Reason: They are using Cyprus as a base for monitoring Soviet radio broadcasts. They are able to hear 70 Russian radio stations loud and clear on the tiny Mediterranean island. The State Department has ordered the Americans to take no sides in the riots, to make no remarks favoring either the British or Cypriots.

Though Tibet has been annexed by Red China, the Red conquerors had so much trouble they allowed Tibetans to keep their spiritual leader, the Dalai Lama. Today the Dalai Lama is a prisoner in his own monastery, and Tibetan guerrillas are waging open revolution against the Red Chinese. The Chinese have been forced to call in jet planes to help put down the revolution that's raging two miles above sea level.

The House Government Operations committee is considering a secret report from the General Accounting Office alleging that the International Cooperation Administration built a water purification plant in Iran that wasn't protected against contamination, a cotton mill that lacked sufficient power supply, and a cement plant for which there was no limestone raw material.

Uncle Sam will install an early warning communication system on the Red-threatened islands off the China coast. The purpose is to warn Formosa of approaching enemy planes. Blueprints for this system have already been drawn up. All that remains is for Chiang Kai-Shek to sign the agreement.

Reason why the presidents of Colombia and Peru won't attend the presidential conference in Panama is too much political shakiness at home. They might not be able to get back in the door once they left their presidential palaces for Panama.

MR. AND MRS. HERMAN DALE PUCKETT whose marriage took place June 1 at the Spring Grove Methodist church. The bride is the former Frances Irene Rann, daughter of Mr. and Mrs. Wando Rann. (J. R. Metcalf Photo)

Miss Frances Rann Weds Herman Puckett At Spring Grove Church

Mr. and Mrs. Wando Rann of RFD 4, Harrisburg, are announcing the marriage of their daughter, Frances Irene, to Herman Dale Puckett, son of the late Mr. and Mrs. Harry Puckett.

The double ring ceremony was performed by the Rev. Harrison Peyton, Friday, June 1, at 1 p. m. at the Spring Grove Methodist church.

The bride wore a street length dress of powder blue lace and net over taffeta with a white hat and accessories and wore a corsage of white carnations.

Miss Donna Eubanks, maid of honor, wore a pale blue nylon dress. Her flowers were white carnations.

Donald Puckett of RFD 1, Harrisburg, brother of the bridegroom, served as best man.

A reception followed the wedding at the home of Mr. and Mrs. James Peyton after which the couple left for a wedding trip through Kentucky.

The bridegroom is a graduate of the Harrisburg Township high school with the class of 1948 and is a farmer by occupation. The bride graduated from the Galatia high school with the class of 1956.

Announce Marriage of Miss Margaret Small, A/3c Donald Emmons

Mr. and Mrs. Walter Small of 1 North Club street, are announcing the marriage of their daughter Margaret, to A/3c Donald Emmons, son of Mr. and Mrs. G. W. Gott, also of this city.

The wedding took place Wednesday, June 6, at Carmi, Ill.

The bridegroom will return to duty June 26 and will be stationed in Japan. The bride will remain with her parents.

Miss Emmalee Hunt

Announcement is being made of the engagement of Miss Emmalee Hunt, daughter of Mrs. Jesse J. Hunt of Harrisburg and the late Jesse J. Hunt, to Richard A. Towal, son of Mr. and Mrs. Fred Towal of Mt. Vernon.

The bride to be is employed as bookkeeper at Jefferson Memorial hospital in Mt. Vernon, and Mr. Towal is decorator and salesman for Montgomery Ward and Co. Wedding plans are incomplete.

New Charges Declare Stalin Murdered Wife

PARIS (AP) — Soviet Communist Party boss Nikita Khrushchev accused Josef Stalin of being a sex pervert and the murderer of his second wife, new reports appearing in Europe said today.

The new charges were made in published accounts of Khrushchev's Moscow Party Congress speech in February by the Paris newspaper France Soir and the Italian news agency Continental.

The France Soir report said Khrushchev declared Stalin not only was a pervert with a predilection for young girls, but that the late Soviet secret police chief Lavrenti P. Beria was Stalin's chief procurer. This, Khrushchev said, might necessitate a posthumous trial of the late dictator.

The French newspaper said several of Stalin's young girls and women vanished mysteriously.

France Soir said the Khrushchev report also confirmed that Stalin killed Nadejda Allouyeva, his second wife, by shooting her and then strangling her.

Continental reported in Rome that Khrushchev criticized the Stalinist connections of ex-Premier Georgi Malenkov and Soviet President Kliment Voroshilov. The agency said this criticism was contained in 32 sentences which it presented as an addition to the U. S. State Department's version of the Khrushchev speech denouncing Stalin.

Aged Creal Springs Resident Dies

Thomas J. Holmes, 86, resident of Creal Springs, died at noon Saturday in the Marion Memorial hospital.

Funeral services were held today at 2 p. m. at the Creal Springs First Baptist church. Rev. Hobart Peterson and Rev. Elvis Laney will officiate and burial will be in Spring Hill cemetery.

Miss Mary Richardson attended a program planning meeting for Business & Professional Women's clubs Sunday held at Abraham Lincoln hotel in Springfield. Miss Richardson is chairman of District 13 of the Illinois federation. She was accompanied by Mrs. Gladys Knowles of West Frankfort, district 12 chairman and Mrs. Vivian Bandy of Benton who is the finance chairman of the state federation. This was the first meeting of the new state officers and chairmen called by the state president, Miss Dorothy Fink of Edwardsville, and she was gratified to have 100 per cent attendance of all district chairmen and state chairmen.

Mr. and Mrs. Charles Drew have moved from Carterville to 505 South Main street. He is a central repairman for the General Telephone Co., of Illinois.

Eisenhower Resumes
Light Schedule
(Continued from Page One)

to go ahead with the conference was made "on the personal recommendation of the President because of his great interest in the conference."

3. To hold a lunch Wednesday for West German Chancellor Konrad Adenauer at Blair House, the government's guest house. Nixon will be host and Secretary of State John Foster Dulles will attend. Hagerty said their has been no decision, and probably will not be for another day or so, on whether Adenauer will pay a visit to Mr. Eisenhower at the hospital. Adenauer will arrive in Washington tonight.

Explains "Essentially Normal"
Hagerty said what to do about two major appointments still is being considered. These are his visit to Panama June 25-26 for a meeting of the presidents of American states and a meeting in this vicinity with Prime Minister Jawaharlal Nehru of India July 7-10. The President signed no papers today because none had to be signed.

Hagerty explained that the term "essentially normal" as applied to the President's pulse, blood pressure, temperature and respiration means that they are not back to pre-operation normal but are essentially normal in this post-operative stage.

For instance, Hagerty said, the President's temperature of 99.2 this morning is "not normal, but essentially normal for this stage of the game." Normal temperature is 98.6.

Hagerty said that Mr. Eisenhower still has a suction tube through his nose into his stomach, as he has had, since the operation.

He did not know how long it would stay in. The tube keeps the stomach and intestine empty to facilitate healing of the operation.

The 8 a. m. EDT bulletin said the President's post-operative condition continues to be "excellent."

"The President had a comfortable night," Hagerty reported. "It is contemplated to get him out of bed and let him walk a short distance to his room twice today."

In a dramatic demonstration of his rapid recovery from his Saturday operation, the President Sunday walked 15 feet from his bed to a chair with only steady assistance from two hospital orderlies. The walks are designed to help restore his muscle tone quickly and prevent him from developing the overall weakness and other difficulties that result from prolonged confinement to bed.

White House officials said the President definitely is in full command. He is expected to remain in the hospital about 15 days, if his convalescence is normal, and should be able to resume the "full duties" of the presidency in four to six weeks.

to go ahead with the conference was made "on the personal recommendation of the President because of his great interest in the conference."

3. To hold a lunch Wednesday for West German Chancellor Konrad Adenauer at Blair House, the government's guest house. Nixon will be host and Secretary of State John Foster Dulles will attend. Hagerty said their has been no decision, and probably will not be for another day or so, on whether Adenauer will pay a visit to Mr. Eisenhower at the hospital. Adenauer will arrive in Washington tonight.

Explains "Essentially Normal"
Hagerty said what to do about two major appointments still is being considered. These are his visit to Panama June 25-26 for a meeting of the presidents of American states and a meeting in this vicinity with Prime Minister Jawaharlal Nehru of India July 7-10. The President signed no papers today because none had to be signed.

Ag Department Boosts Supports For Four Crops

WASHINGTON (AP)—The Agriculture Department Sunday announced increased support prices for the 1936 crop of oats, barley, grain sorghums and rye.

The increase brings the price up to 76 per cent of parity as required by the new farm law.

The national averages of the new support rates are:

Oats 65 cents a bushel for Grade No. 3 or better.

Barley \$1.02 a bushel for Grade 2 or better.

Rye \$1.27 a bushel for Grade 2 or better.

Grain sorghums \$1.97 a hundred-weight for Grade 2 or better.

Support rates previously announced for these feed grains reflected 70 per cent of parity. The averages were 59 cents for oats, 93 cents for barley, \$1.16 for rye, and \$1.80 for grain sorghums.

Average support prices for 1935 crops were 61 cents for oats, 94 cents for barley, \$1.18 for rye, and \$1.78 for grain sorghums.

Announce New Way To Shrink Painful Piles

Science Finds Healing Substance That Does Both—
Relieves Pain—Shrinks Hemorrhoids

New York, N. Y. (Special)—For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were so thorough that sufferers made

astounding statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne)—discovery of a world-famous research institute.

This substance is now available in suppository or ointment form under the name Preparation H. At your druggist. Money back guarantee.

ANNOUNCEMENT

The FORD BRICK and TILE COMPANY is now under the new ownership and management of MR. A. P. ROSCHE and MR. E. G. HURST of Hillsboro and MR. R. S. BURBERRY of Benton, who will operate the plant under the name of the

Harrisburg Brick & Tile Co.

A Statement From

Lee Morse,

PRESIDENT OF FORD BRICK AND TILE COMPANY

I want to thank the public for its patronage during the many years I have been with Ford Brick & Tile Co., and to assure all of you that my decision to sell the company was in no way due to loss of faith in Harrisburg. I'VE BEEN ALL OVER AND HARRISBURG IS TOPS!

My decision was based on the desire to retire from active business. I sincerely hope all of you will continue to give your patronage to the new company, whose owners have pledged their sincere efforts to maintain the high standards of quality and service I have always tried to keep in this operation. Thanks again for all your cooperation and patronage.

Sincerely,

LEE MORSE.

The new firm pledges the same good service and high quality merchandise as its predecessor. The continued patronage of high-quality brick and tile users in this area will be appreciated.

Rule Only Workers In Sensitive Positions Can Be Fired as Risks

WASHINGTON (AP) — The Supreme Court ruled 6-3 today that a federal employee can be fired as a security risk only if he holds a "sensitive" position.

The decision will have a far-reaching effect on the administration's security program which now applies to employees in non-sensitive jobs, such as clerks, as well as those who have access to government secrets.

The decision, written by Justice John M. Harlan, was a victory for Kendrick M. Cole, one-time New York food and drug inspector who was fired in 1954 as a security risk by former Welfare Secretary Oveta Culp Hobby. He now presumably gets his job back.

Stevenson Will Not Make Ike's Health an Issue

CHICAGO (AP)—Adlai E. Stevenson said Sunday night he will not make President Eisenhower's health an issue in his campaign for the presidency.

But he added quickly that "good health is very important to the duties of the office of president." "To diminish the office of the presidency is a dangerous thing," Stevenson said.

He added that "whether the President should run again is up to Mr. Eisenhower."

Stevenson commented on the President's latest illness when he returned to Chicago from his successful primary battle with Sen. Estes Kefauver.

His comments on the President's illness were similar to those he made after Mr. Eisenhower's heart attack last year. Stevenson has charged that the office of the Presidency is being trimmed so as not to over-tax President Eisenhower.

Stevenson told newsmen at Midway Airport that he does not believe Mr. Eisenhower's illness will produce any dark horse candidates for the Republican presidential nomination.

He also was not surprised at New York Gov. Averell Harriman's weekend announcement that he is running against Stevenson and Kefauver for the Democratic presidential nomination.

"I have always considered Gov. Harriman a very eager candidate," Stevenson said.

Looking into the future, Stevenson said he would regard former President Truman as an "excellent choice" for keynote speaker at the Democratic national convention in Chicago next August.

Stevenson said he does not believe Mr. Eisenhower's illness will produce any dark horse candidates for the Republican presidential nomination.

Driver Critically Burned in Stock Car Race Smashup

LINCOLN, Ill. (AP)—James E. Webber, 26, Peoria, died early today at St. Clara's Hospital after he was critically burned in a stock car race smashup.

Webber's car hit the north rail of the race track here late Sunday, flipped over, smashed into two other cars and caught fire. Authorities said he apparently carried a gas can in the rear seat of his car which ignited.

Witnesses said Webber climbed through the car window with his clothing aflame. The fire was extinguished and Webber hospitalized.

Webber was the son of Mr. and Mrs. William J. Webber, Decatur. Survivors include his wife and three small children. He was employed at the Caterpillar plant at Peoria.

Openings in Ranks of Little Egypt Marines Now Being Recruited

Master Sgt. C. D. Schultz has announced that there are openings in the ranks of the Little Egypt Marines, now being formed at the U. S. Marine Corps Recruiting station, Benton.

The Little Egypt Marines will be sworn into the U. S. Marines in Benton on June 20 and depart from Benton for the Marine Corps recruit depot, San Diego, Calif., for recruit training.

This is an excellent opportunity for young men in the southern Illinois area to take advantage of the two year active duty program now available in the Marine Corps, also to take recruit training with men from southern Illinois.

Interested young men should contact the Marine recruiting station in Benton before June 17 in order to take mental and physical examinations at the Marine recruiting station, St. Louis. For further information contact the Marine recruiting station in Benton.

Axe Acts Up
MCKENZIE, N. D. (AP)—A burned-out journal, the part of the axle that protrudes through the wheel of railroad cars, caused derailment of 32 cars of a freight train here. The car on which the journal burned out was loaded with new box car axles.

There are 43 railroads which operate more than 1,000 miles of railroad each in the United States.

Gene Littler Wins First at Palm Beach

NEW ROCHELLE, N. Y. (AP)—Thirteen top pros shoved off today for the U. S. Open golf championship at Rochester, N. Y., singing the praises of a cool youngster from Singing Hills, Calif.—25-year-old Gene Littler.

Littler, a nerveless par-buster, strung together five straight sub-par rounds to win \$3,000 in the \$15,000 Palm Beach round robin championship ending Sunday and that makes him currently the hottest thing in pro golf with the big tournament only four days away.

He finished 24 points ahead of Ted Kroll of Fort Lauderdale, Fla., and 28 points ahead of Dow Finsterwald of Bedford Heights, Ohio, against 15 hand-picked rivals. All but Finsterwald, who didn't try to qualify for the Open, and Lloyd Mangrum, who failed, are eligible for the year's top tournament starting Thursday.

"Anybody that's hot can win the Open," said Sam Snead, who has been hot in every tournament except the Open since he started swinging for money in 1937. "Certainly Gene is hot now. If he keeps his edge for the rest of the week, he's in."

Jackie Burke of Kiamisha Lake, N. Y., finished fourth with plus 13, 14 behind Finsterwald. Billy Maxwell of Odessa, Tex., was fifth with plus 11. Tommy Bolt of Houston, Tex., had plus nine and Peter Thomson of Australia was seventh at plus three. Snead, defending champion and four-time winner, was next with minus one.

STANTON, Del.—Ricci Tavi, a 22-1 shot, defeated Fabius by six lengths in the Leonard Richards Stakes at Delaware Park.

SANGER, Calif.—Dave Sime of Duke broke the world record for the 220-yard dash and equalled the world mark for the 100-yard dash.

SUNDAY
NEW ROCHELLE, N. Y.—Gene Littler won the Palm Beach round robin golf tournament. Ted Kroll finished second and Dow Finsterwald was third.

JOHNSTOWN, Pa.—Gene Dahlbender of Atlanta won the Sunnehanna amateur golf tournament with a 276 total for 72 holes.

LUGANO, Switzerland—Beverly Baker Fleitz of Long Beach, Calif., won the women's singles crown in the Swiss tennis championships by defeating Jennifer Staley Head of Australia, 1-6, 6-3, 6-3.

PARIS, France—Henri De Lamaze of France won the French amateur golf championship for the third straight year by edging Benito Bevione of Italy, 2-up.

VIRGINIA BEACH, Va.—Marlene Bauer Hagge of Asheville, N. C., captured the Triangle round robin golf tournament. Joyce Ziske of Milwaukee, Wis., finished second.

Robin Freeman Loses Two Fingers On Left Hand While Chopping Wood

CINCINNATI, Ohio (AP)—Robin Freeman, All-American basketball star at Ohio State university, was in "good" condition today but both his athletic and professional future looked bleak.

Freeman lost the middle and index fingers of his left hand Sunday while chopping wood.

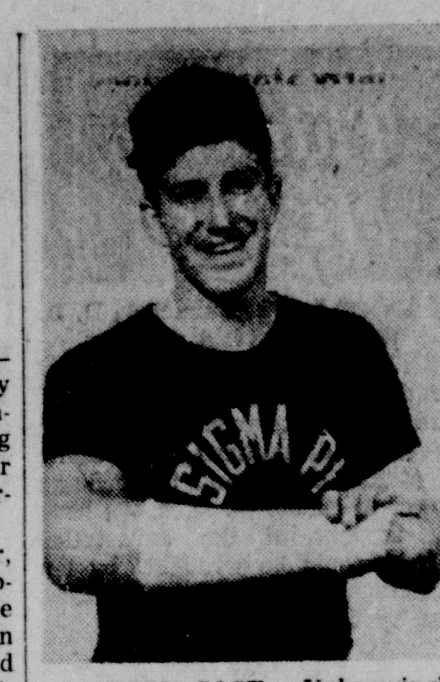

Freeman is right-handed, but he shot with either hand in his college basketball career which enabled him to set Big Ten records of total and average points for a season.

Freeman finished his eligibility at Ohio State but had planned to study dentistry, a profession which requires the use of both hands.

Youth Struck by Golf Ball Dies

KNOXVILLE, Tenn. (AP)—Donald L. Holloway, 19, who started playing golf this year, died today after being struck on the temple by a ball at Whittle Springs golf course.

Hospital attendants said the young shipping clerk died during surgery early today when physicians tried to clear his throat of clotting blood. Holloway had undergone an operation earlier dur-

VICTORY CAST—Unknowingly pitching with a broken wrist during the last five innings, Jim Shaw, Southern Illinois University student from Ashland City, Tenn., led his teammates to an intramural softball championship. Shaw, who was injured in the second inning while covering home plate, continued to pitch, allowing only four hits and striking out 15. Shaw examines his cast which will keep him out of action for at least six weeks. (SIU News Photo)

FISHERMAN'S GUIDE:

Little Grassy Snaps Out of Fishing Slump

By Pete Brown
(From reports by the Southern Illinois University Cooperative Fisheries Research Laboratory and the Illinois Conservation Department.)

Little Grassy Lake has snapped out of a season slump, giving a flock of lucky anglers some spirited play in the past week. The lake is clear, the water temperature is between 75-77, and the large-mouth are once again on the prowl.

Best catch went to Edward Holton of E. St. Louis who strung up six going a total of 23 pounds. He was fishing a Johnson Spoon, using black pork eels. The biggest of his bass weighed in at seven and one-half pounds.

C. W. Dawson, Percy, landed one six and one-half pounds as well as a couple in the two pound class. Eddie Leffer and Forrest Decker, St. Louis, landed a dozen two to four pounders on fly-rod poppers.

At least one angler rang up some strikes with surface bait at Grassy. Orville Carrington, route 3, Carbondale, used a lucky 13 to catch three four and four and one-half pounders.

The crappie run at Grassy is also good, with one fisherman bringing home between 50 and 60 averaging three and a quarter pounds. Bob Kelly of Cobden, fishing a River Runt "spook," landed a five and one half pound northern pike.

Crappie remains the best bet at Crab Orchard Lake, the bass community still being somewhat inactive. The lake is as clear as it usually gets during the summer and temperatures are in the upper 70's. Crappie are averaging six and seven inches. The few bass reported have all been caught on plugs.

Plenty of good sized bluegill are being taken at Horseshoe, but crappie fishing has slowed down. Trotline fishermen are catching a few channel cat at night.

A pile of five ounce bluegill and some redear around seven ounces has come out of Lake Murphysboro in the past week. Bass fishing, however, is still practically nil.

A one pound, 13 and one-half ounce crappie and a three pound, 11 ounce largemouth lead the fishing derby sponsored by the Centralia Evening Sentinel and local sporting goods dealers. The crappie was taken from Raccoon Lake by Miss Judy Corzine. Jim Keele took the bass from Raccoon Creek.

Eldorado Drops 7-1 Decision at Henderson, Ky.

The Eldorado Merchants traveled to Henderson, Ky., Sunday and dropped a 7-1 decision.

The Merchants scored their lone run in the first inning on a long home run by J. W. Pulliam. Henderson scored one run in the second, one in the fourth, one in the fifth, two in the sixth and two in the eighth.

Henderson got 12 hits to six for Eldorado.

Lefty Jim Wallace, a hurler for the old Boston Braves, hurled for Henderson and Sandusky was on the mound for Eldorado. Sandusky will report to Busch stadium at St. Louis June 14 for a tryout with the Cardinals. He received a letter from Joe Monahan to report then.

Pulliam, with three out of four, led the Eldorado batters.

The Merchants will be hosts to Princeton, Ind., Sunday. A practice session will be held at 5:30 p. m. Friday.

Cubs Sweep Double-Header From Phillies, Now Rank Surprise Team of League

By United Press
The Chicago Cubs have discarded their "patsy label" and rank today as the new "surprise team" of the major leagues.

Off to a dismal start, Stan Hack's fangless Bruins seemed doomed to the National League cellar as recently as Memorial Day. But now they're travelling at a .727 pace that's the best in either league for the month of June, and they've been doing it by beating the cream of the circuit's pitching talent.

The Cubs made it eight victories in their last 11 games when they beat the Philadelphia Phillies, 2-1 and 5-2 Sunday. It was their second consecutive sweep of a double-header and recalled Hack's pre-season promise that the Cubs "would give everybody trouble before the season is over."

Mikis's Bat Stars

Eddie Mikis, who's been hitting close to .400 in the surge, broke up the 11-inning opener with a single that scored Pete Whisenant from third base. Mikis had homered in the first inning to give the Cubs their other run off Curt Simmons. Vito Valentinetti, who took over for Warren Hacker in the ninth, picked up his third win and second in three days.

Sam Jones, an early disappointment after his fine rookie campaign of 1955, came through with his best game of the season in the nightcap when he struck out nine batters and yielded only six hits in 8 1-3 innings. Jones ran into trouble in the ninth when the Phillies loaded the bases but Turk Lown came on to get Stan Lopata to hit into a double play.

The Cincinnati Redlegs bowed to the Brooklyn Dodgers, 8-6, but retained first place by three percentage points when the other contenders either split double-headers or lost.

Roebuck Stalls Redlegs

Rookie Charley Neal's two-run homer provided the Dodgers with their margin of victory, but it was Ed Roebuck's seven innings of one run relief pitching that

Arrest Two in Slaying of Brinks Informer

BOSTON — Police jailed two longshoremen today on suspicion of murder in the one-way ride slaying of an ex-convict believed to have turned informer on two Brink's holdup gang suspects.

The two waterfront toughs were picked up after the body of William F. Cameron, 49, was found slumped early Sunday in a black car at the Navy's Fargo Building parking lot. Two .38 caliber bullets had been fired through his right temple.

One of the suspects, Thomas J. Ballou, 27, Quincy, Mass., had been free in \$20,000 bail. He pleaded innocent to an accessory indictment in the \$1,219,000 Brink's robbery.

The other hoodlum booked on suspicion was Thomas A. Callahan, 50, an ex-convict and pal of Jordan Perry, 31, whose arrest in Baltimore last week led to recovery of \$100,000 in Brink's loot.

Police said Cameron may have been slain to prevent him from testifying in the trial of the 10 men under indictment for staging the nation's largest cash robbery Jan. 17, 1950.

Cameron was found in a kneeling position in the front seat of the car. Police said he was outraged at not being paid for his services and tipped off authorities to the whereabouts of the last two Brink's suspects, Thomas L. Faherty, 44, and Thomas F. Richardson, 48.

Perry was expected to be returned to Boston today for arraignment on charges of being an accessory to the holdup.

Plane Hits High Tension Line; 4 Dead

KOKOMO, Ind. — A single-engine four-place airplane hit a 132,000-volt line on a high tension tower and crashed Sunday. Four persons were killed.

The dead were identified as pilot Paul Eikenberry, 38, Jolietville, Ind.; Roy Biddle, 30, Kokomo, and Gwyn Williams, 41, and his wife, Mary Jane, 36, Kokomo.

Police said Williams had seven children. The plane crashed a short time after taking off from Kokomo on a flight to Sheridan, Ind.

Thinking It Over

By Robert L. Dieffenbacher, D. D.
Written for NEA Service

EVERYONE is concerned about the destructive power in the world. The movies, television and radio have all dramatized the results of atomic attack and the striking power of guided missiles. We have all thought of the devastation which could be wrought by unleashing germs and poison gasses, and by brain washing.

Filled with fear and questions about man's power to inflict death and suffering we have turned to a Higher Being for hope, for peace, and for a better way of life. Never in history have so many people felt so humble and prayed so fervently.

Churches of all faiths are having to build larger sanctuaries. Evangelists are preaching a vital message of love and hope. These messages are being accepted. Millions are seeking new ways to live instead of fearing earthly enemies.

The formality of religion is being replaced by a simple, friendly individual approach to God who is more powerful than bombs, more loving than a mother or a father, more life-giving than medicine and more influential than fear.

Church membership has increased six hundred fold in a century and individual belief has multiplied even more rapidly. Prayer is so widely used that aids and suggestions are found on restaurant tables, in the press, on television programs and almost everywhere. People now talk about God unashamedly.

Millions are now testing God and are not finding Him wanting in His satisfaction of the needs of humble folk.

Sailor Killed, Three Injured In Race Riot

PEARL HARBOR, T. H. — A naval board of inquiry will convene early this week to draw up charges against sailors involved in a race riot that resulted in the death of one man and injuries to three others.

The Navy ordered 10 men held for questioning about the riot, which broke out Friday night outside the recreation hall on Ford Island, the naval air station in the middle of Pearl Harbor.

The dead man was identified as Airman Apprentice Willie D. Darnsby, 18, son of Mrs. Adell W. Darnsby, Graceville, Fla. He was white.

Navy police said Seaman Apprentice Johnny Green, a Negro, of Vicksburg, Miss., admitted plunging a knife into Darnsby's heart.

Three sailors — white Texans — were treated for injuries. They were Airman G. O. Medley, 19, Fort Davis; Aviation Machinist's Mate 3-C W. L. Short, 21, Austin; and N. O. Vela, 18, a seaman apprentice from Alice.

Short and Medley suffered stab wounds. Their condition was not serious. A flying beer can lacerated Vela's head.

The Navy said the riot broke out when Negro and white sailors — most of them Southerners — exchanged "sharp" remarks while waiting transportation back to their ship. Some 20 sailors in all were involved.

Ike Second President To Undergo Major Surgery During Term

WASHINGTON — President Eisenhower is the second chief executive in U. S. history to undergo major surgery to relieve an ailment during his term of office.

On July 1, 1893, President Grover Cleveland was operated on for cancer of the jaw. The operation was performed in the salon of a private yacht anchored in Long Island Sound. It was done in complete secrecy because the nation was in the throes of a financial panic.

Six doctors were present for the operation which involved removal of virtually the entire upper left jaw almost to the eye cavity.

The President was later fitted with an artificial jaw made of rubber which completely hid outward effects of the surgery.

Cleveland recovered satisfactorily. Frequent examinations showed no recurrence of the cancer. He died some years later of heart failure.
